### **DETAILED ACTION**

1. Claims 1-3 and 5-34 are allowed. These claims have been renumbered as claims 1-33.
2. Claim 4 has been cancelled.

### ***Drawings***

3. The replacement drawings filed on August 24, 2006 are accepted by the Examiner.

### **EXAMINER'S AMENDMENT**

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The Specification has been amended as follows:

In paragraph 1, after "U.S. Patent Application Serial No. 10/632,087", insert Patent No. 7289973.

### **REASONS FOR ALLOWANCE**

5. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "a volume manager configured to manage the electronic files and to manage metadata relating to the electronic files, the volume manager being transactionally based and configured to manage transactions related to a selected file of the electronic files and to keep a record of changes that includes information indicative of i) what changes were made to the selected file, ii) who made the changes to the selected file, and iii) when the changes were made to the selected file" and "a version control module configured to automatically manage a version of selected file through the file management system based on a user opening, changing, and saving the selected file" as recited in independent claim 1.

The remaining claims, 2, 3, and 5-34, are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
